

# Summer Assignments

## Grade 9

Course lists for incoming freshmen will be emailed to parents by early July. These lists will specify course levels for subjects that require summer assignments. Summer assignments include English readings and a mini-course online for Theology, which can be a starting point for all freshmen until other courses with summer assignments (English, Math, and Language) are communicated via the July course lists. The Theology course link can be found on the summer assignments webpage.

Summer assignments have been posted to our school website under Academics. Please note that if a course is not listed, it means that it does not have a summer assignment. If you have any specific questions about a summer assignment, please reach out to the department chair (contact list below), who will respond or direct your question to the appropriate faculty member.
